its help to fit health The vision behind our ‘What’s Your Fit?’ campaign is fueled by our passion to help people to reach their goals and figure out what fitness means to them. By providing a supportive culture, we’re hoping communities feel inspired, while also having fun as they complete these full body workouts. As part of our ‘What’s Your Fit?’ campaign, expert trainers designed four core and stability workouts. They are called core and stability workouts because each exercise requires a mix of abdominal, back, and balance work. These workouts provide overall strength and build muscle
